Super er et helt nyt, inspirerende begyndersystem til tyskundervisningen og er tematisk bygget op. Når eleverne møder op til tyskundervisningen, har de ikke de samme sproglige forudsætninger, som når de begynder på engelsk. Det kompenserer SUPER for ved at integrere videomediet som et gennemgående element. Brugen af video giver eleverne mulighed for at tage det "sproglige bad", som mangler i deres forudsætninger. Til hvert tema er der derfor en originalt produceret videosekvens på ca. 10 minutter. SUPERTANKER: det skal være sjovt at lære tysk Super er bygget op om temaer det praktisk-musiske element er synlig i alle temaer der er en reel mulighed for undervisningsdifferentiering der arbejdes med læringsstrategier fra begyndelsen sprogets mundtlige og skriftlige dimensioner inddrages fra start it er integreret i både tekster og aktiviteter der gives overblik over sprogets strukturer, grammatik og ordforråd video og cd er integreret i hvert tema, så eleverne får det nødvendige "sproglige bad" Se SUPERS hjemmeside på: www.super.gyldendal.dk
