Bogen Astrid Krogh - Flux Luminous giver indblik i, hvordan arkitekter og designere i disse år genopdager potentialet i lys.

Ikke mindst er kunstneren Astrid Krogh trådt frem og har gjort det til et af de mest innovative materialer i moderne design, tekstilkunst og arkitektur. I Astrid Kroghs hænder er lys et smukt og smidigt materiale, som hun skaber kunstværker med, der transformerer bygningsværker og rum til drømmelandskaber af farver og refleksioner. Bogen præsenterer Astrid Kroghs værker i et smukt grafisk design og vil være en øjenåbner for den nysgerrige og kunstinteresserede læser.
