Arkitekten Chris Thurlbournes bog er enestående. I bogens titelblad indgår udtrykket an architectural novelette, dvs. en novelle. Men man kan også anskue værket som et langt prosadigt eller et arkitektonisk manifest i litterær form. Bogen kommer med en række refleksioner over arkitektur og er illustreret med Chris Thurlbournes egne billeder og projekter. Forfatteren er optaget af selve konstruktionen af arkitektur, af det, der på engelsk kaldes making, og som hverken helt er skabelse eller gøren. Derfor spiller stoffet og redskaberne en stor rolle i bogen, såvel som i de arkitekturarbejder, der vises sammen med teksterne. Chris Thurlbournes værk står mellem litteratur og arkitektur og kan læses som en surrealistisk billedfortælling eller som en arkitektonisk teori. The ephemeral of real: an architectural novelette er kun udgivet på engelsk.
